

seamark 780C

CITATION

Many people start boating on the inland waterways, which is why the craft built for inland use need to be affordable, reliable and thoroughly enjoyable. The interior must be comfortable, the decks safe and the handling easy to master. Of course it helps if you surpass all expectations with a high quality finish and ingenious design that makes 25' feel like 30'.

That is exactly what the winner has achieved, the
seamark 780C
